#### REPORT CONCERNING THE AGREEMENT FOR COOPERATION WITH THE GOVERNMENT OF ROMANIA ON THE PEACEFUL USES OF NUCLEAR ENERGY—MESSAGE FROM THE PRESIDENT—PM 7

The PRESIDING OFFICER laid before the Senate the following message from the President of the United States, together with an accompanying report; which was referred to the Committee on Foreign Relations.

#### To the Congress of the United States:

I am pleased to transmit to the Congress, pursuant to sections 123 b. and 123 d. of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2153(b) and (d)), the text of a proposed Agreement for Cooperation Between the Government of the United States of America and the Government of Romania Concerning Peaceful uses of Nuclear Energy, with accompanying annex and agreed minute. I am also pleased to transmit my written approval, authorization, and determination concerning the agreement, and the memorandum of the Director of the United States Arms Control and Disarmament Agency with the Nuclear Proliferation Assessment Statement concerning the agreement. The joint memorandum submitted to me by the Secretary of State and the Secretary of Energy, which includes a summary of the provisions of the agreement and various other attachments, including agency views, is also enclosed.

The proposed agreement with Romania has been negotiated in accordance with the Atomic Energy Act of 1954, as amended by the Nuclear Non-Proliferation act of 1978 and as otherwise amended. In my judgment, the proposed agreement meets all statutory requirements and will advance the non-proliferation and other foreign policy interests of the United States. The agreement provides a comprehensive framework for peaceful nuclear cooperation between the United States and Romania under appropriate conditions and controls reflecting our common commitment to nuclear non-proliferation goals. Cooperation until now has taken place under a series of supply agreements dating back to 1966 pursuant to the agreement for peaceful nuclear cooperation between the United States and the International Atomic Energy Agency (IAEA).

The Government of Romania supports international efforts to prevent the spread of nuclear weapons to additional countries. Romania is a party to the Treaty on the Nonproliferation of Nuclear Weapons (NPT) and has an agreement with the IAEA for the application of full-scope safeguards to its nuclear program. Romania also subscribes to the Nuclear Suppliers Group guidelines, which set forth standards for the responsible export of nuclear commodities for peaceful use, and to the guidelines of the NPT Exporters Committee (Zangger Committee), which obliges members to require the

application of IAEA safeguards on nuclear exports to nonnuclear weapon states. In addition, Romania is a party to the Convention on the Physical Protection of Nuclear Material, whereby it agrees to apply international standards of physical protection to the storage and transport of nuclear material under its jurisdiction or control. Finally, Romania was one of the first countries to sign the Comprehensive Test Ban Treaty.

I believe that peaceful nuclear cooperation with Romania under the proposed new agreement will be fully consistent with, and supportive of, our policy of responding positively and constructively to the process of democratization and economic reform in Central Europe. Cooperation under the agreement also will provide opportunities for U.S. business on terms that fully protect vital U.S. national security interests.

I have considered the views and recommendations of the interested agencies in reviewing the proposed agreement and have determined that its performance will promote, and will not constitute an unreasonable risk to, the common defense and security. Accordingly, I have approved the agreement and authorized its execution and urge that the Congress give it favorable consideration.

Because this agreement meets all applicable requirements of the Atomic Energy Act, as amended, for agreements for peaceful nuclear cooperation, I am transmitting it to the Congress without exempting it from any requirement contained in section 123 a. of that Act. This transmission shall constitute a submittal for purposes of both sections 123 b. and 123 d. of the Atomic Energy Act. My Administration is prepared to begin immediately the consultations with the Senate Foreign Relations and House International Relations Committees as provided in section 123 b. Upon completion of the 30-day continuous session period provided for in section 123 b., the 60-day continuous session period provided for in section 123 d. shall commence.

WILLIAM J. CLINTON.

THE WHITE HOUSE, February 9, 1999.
